## REMARKS.

While we exercise the greatest diligence and care to have the stock true to label, it is mutually agreed between ourselves and the purchaser that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally charged for the stock that proves untrue.

I desire to call your attention to my extra fine stock of Plants, both Fruit and Ornamental, for 1890 and 1891 trade. My stock contains all of the best shipping varieties as well as for home use. Special attention given to orders for trees and plants by the hundred and thousand.

Please send me a list of your wants for the Winter trade. The prices quoted will, I think, induce you to place your orders at once. If not yet ready to place your order, please state how soon you will be ready to do so.

JAMES T. BOGUE.
